Overview

The Richmond IT Directors' Forum provides you with opportunities to connect and engage with your industry community. Discover more through a blend of CPD accredited conference sessions and individual IT supplier meetings. Richmond forums allow you to make new connections with people face to face, in person, real time. We believe in the power of being present. In a technological era, face to face interaction is still the most effective way of forming collaborative business connections. IT and innovation is crucial for your company's long term success. The Richmond IT Directors' Forum offer a proven format for IT decision makers and suppliers to step away from the office, make new contacts and discover new trends that will enhance both their organisation and them personally. • Discover new trends & ideas • Learn from experts & peers • Debate, evaluate & share key issues • Build new, long lasting relationships REQUEST A DELEGATE INVITE REQUEST SUPPLIER INFORMATION
