Overview

Black Hat is the most technical and relevant information security event series in the world. For more than 20 years, Black Hat Briefings have provided attendees with the very latest in information security research, development, and trends in a strictly vendor-neutral environment. These high-profile global events and Trainings are driven by the needs of the security community, striving to bring together the best minds in the industry. Black Hat inspires professionals at all career levels, encouraging growth and collaboration among academia, world-class researchers, and leaders in the public and private sectors. Now in its 22nd year, Black Hat USA is the world's leading information security event, providing attendees with the very latest in research, development and trends. Black Hat USA 2019 opens with four days of technical Trainings (August 3-6) followed by the two-day main conference (August 7-8) featuring Briefings, Arsenal, Business Hall, and more.
